PLP cancelled the meeting. It is rescheduled for late January. They have not released anything.

Subject: RE: PLP's Agency and Consultants meeting draft agenda

Hi Heather,

I hope your fall is going well.

From the attached correspondence, it sounds as though the Pebble Project Environmental Baseline 2004-2008 document was going to be available prior to the Oct 11-14 presentations identified below.

Has this document been obtained by anyone working on our assessment that could share it with the rest of us? I noticed in the agenda that there were planned presentations on Socioeconomics, Cultural, and Subsistence and Traditional Knowledge; these presentations and/or related consultant reports could be informative for the work of the economics team. Of course, the Pebble baseline work covers a broad range of science topics.

Apparently there was an opportunity for the public to attend the meetings or via webinar. Did someone working on the Bristol Bay Watershed Assessment attend that could provide information on the availability of reports or content? Are powerpoints or video available from the presentations?

This would seem to be a potentially important source of information to inform our ongoing work.

Thanks for your help.

John

Subject: Agency and Consultants meeting draft agenda

Rick,

As I mentioned during our phone conversation, the agency/consultant meeting will be held at the Anchorage Marriott October 11-14, 2011. I have attached a draft agenda. We will broadcast the presentations via webinar for the public and agency personnel unable to attend in person. The 2004-2008 Environmental Baseline Document should be completed soon and should be available for review

prior to the meeting.

Please give me a call if you have any questions, 907 339-2647.

Thanks,

Ken
